In connection with the stocking of fodder at Maddur, it has occurred to me that the most suitable place would be the Somanhalli Travellers' bungalow compound. This would do away with all necessity for negotiating with private parties. It would also enable officers working in the camp to have quarters without any construction work. We should have to put up a fence around the compound, but that we shall have to do in any case. This will be by far the cheapest arrangement and will enable us to get started much more rapidly.

This arrangement would necessitate the closing of the bungalow to the public for at least two months. I do not think this will cause any serious inconvenience to the public, as there are any number of bungalows at short intervals along the road. If you approve of my suggestion, I would ask you to be so good as to issue orders closing the bungalow to the public and handing it over to the Agricultural Department.
